FOR BUSINESS OWNERS · SAVE THIS

5 things every business website needs.

Your website should bring enquiries, not just look nice.

How many does yours have? 👉

MUST-HAVE 1 OF 5

Fast & mobile-first

Most visitors come from a phone. If it takes more than a few seconds to load, they leave.

✅ **Loads quickly on 4G**

✅ **Easy to tap and read on a phone**

✅ **Images compressed**

MUST-HAVE 2 OF 5

One clear call to action

Tell visitors exactly what to do next, on every page.

✅ WhatsApp / call button

✅ Simple enquiry form

✅ Same action repeated, not 10 options

MUST-HAVE 3 OF 5

Found on Google

A beautiful site nobody finds earns nothing.

✅ Page titles & descriptions

✅ Google Business Profile + map

✅ Your city and services in the text

MUST-HAVE 4 OF 5

Trust signals

People buy from businesses they trust.

✅ Real reviews and photos

✅ Secure https padlock

✅ Address, phone and email visible

MUST-HAVE 5 OF 5

Easy to update & measure

Your site should grow with your business.

✅ Edit offers and prices yourself

✅ Analytics: visits and enquiries

✅ Regular backups and updates

MISSING ANY OF THESE?

We build websites that bring enquiries.

Business sites, e-commerce stores, redesigns, SEO and WhatsApp integration, for clients anywhere in the world.
