Meet Our AI Team

The AI tools that help us ship faster

ENGINEERING

How we build

CHIEF TECHNOLOGY OFFICER

Claude Code

Writes, refactors and tests code alongside our developers

HEAD OF CODE REVIEW

GitHub Copilot

Second pair of eyes on every pull request

HEAD OF CLOUD

AWS

Hosts, scales and backs up client apps

AI writes the first draft. Our engineers own every line that ships.

DESIGN & CONTENT

How we create

HEAD OF UI/UX DESIGN

Figma

Wireframes and UI for every website and app

CREATIVE DIRECTOR

Canva

Social posts, banners and brand kits

HEAD OF CONTENT

ChatGPT

First drafts of website copy and blogs

HEAD OF YOUTUBE GROWTH

vidIQ

Video ideas, titles and YouTube growth

Humans set the taste. AI handles the variations.

OPERATIONS

How we run

C

CHIEF OF STAFF

Claude

Plans, proposals, reviews and daily priorities

P

CHIEF RESEARCH OFFICER

Perplexity

Market and competitor research in minutes

Ff

HEAD OF MEETINGS

Fireflies

Notes and action items from every client call

n8n

HEAD OF AUTOMATION

n8n

Automates leads, invoices and follow-ups

N

HEAD OF DOCS

Notion AI

SOPs, project docs and client wikis

AI does the busywork. People do the thinking.

✅ Faster first drafts of design and code

✅ More time on strategy and quality

✅ Every deliverable reviewed by a real engineer

✅ Better value for startups and small businesses
